"Good writing is really meaningful, and it's one of the best tools we have to get and capture people's imagination" - Robin Sloan

The School Picnic

Class: 3A Name: Chak Yin Lam

The school picnic is the most unforgettable and grateful event for me. It is about going outside in the country park and playing different games. I think it is memorable because I really enjoy spending quality time with friends in nature.

The school picnic was a month ago. On that day, I played UNO cards with my classmates. I also played chess against one of my best friends. He played well but I still lost because he made a blunder on one game. I felt proud and happy. I learnt about diligence from the chess game. As I spent lots of time practicing my skills, I would easily work out a plan to play against my opponent. At the same time, I was thankful for my teachers and all the staff at my school for holding such a fun event.

I am looking forward to the next school event and I have already planned out my activities to do with my friends. They are super fun.

Class: 3A Name: Leung Pok Yin

For me, the most unforgettable and grateful school event is the Open Day. I think it is memorable because it is so bustling. Lots of people visited our school and they had lots of fun.

On that day, my classmates and I played mini games. We needed to follow the rules and work together. We have to tolerate each other's mistakes and work out a way to improve. I learnt about friendship from the mini games. At the same time, I enjoyed lots of yummy snacks and got many gifts. I am grateful for all teachers and staff for hosting this event for us.

In the end of the day, I had a chance to watch the lion dance. It was a fantastic experience and I would like to perform for the Open Day in the future.

A Memorable Day at school

Class: 3B Name: Lo Ming Wai

Last year, we had the English Day in our school. I joined the drama competition. I had a great experience on the stage.

When I was getting on the stage, I felt very nervous. Even worse, I forgot some lines. At that time, I took a deep breath to calm down and I remembered my teacher's saying: Always believe in yourself. You can do it. Suddenly, all the lines came to my mind. I performed very well. Then, I heard all the audience clapping their hands. I thought I made a successful performance. I felt wonderful.

Finally, we got the prize for outstanding performance. That was my memorable day at school. I must thank my teacher and all the group members. It is not how much we have, but how much we enjoy, that makes happiness.

The School Picnic

Class: 3C Name: Fong Yui Zoe

The school picnic was a memorable, unforgettable, and fantastic day for me. We had this wonderful day on January 14th. Let me tell you why I am so grateful to God for everything He has given me through this school event.

First of all, we arrived at Inspiration Lake at 9:30am. We then left our coach, and our teachers took us to a meadow to lay out our picnic mats. Shortly afterwards, my class played football with some teachers, and the students won the match unexpectedly. After that, we ate our lunch because we were very hungry. I had strawberries, sausages, and chicken wings, all of which were delicious. I also drank

a bottle of orange juice. We were all grateful to have such a variety of delicious food and to share many wonderful moments with our teachers and classmates. Most importantly, we thanked God for giving us nice weather. Then we took many photos with various interesting poses. What a fun and memorable memory it was! All the teachers organized fun and engaging activities for us, and we were very thankful to them.

At the end of the day, it was time for us to go home. We were all very tired but also very happy. We took a coach, and we all fell asleep. Our teachers woke us up when we arrived back at school. What a tiring but memorable day!

Count your blessings. We are fortunate to study at a Christian school with many caring teachers and immersive learning experiences. We can grow up with Jesus's love. What more could I ask for?

A Memorable Day at school

Class: 3D Name: Hu Hang Yee

One of the most exciting days in school was Open Day. Parents and visitors came to see our work and activities.

In the morning, my classroom was decorated with our best drawings and projects. I showed my mother my science model of a warmer—We designed! She smiled and took pictures.

Next, there were performances in the hall. My class sang a song, and I recited a poem. I was nervous, but when I heard everyone clapping, I felt proud.

After that, we played games. My father joined me in a puzzle challenge, and we won a small prize! The teachers also gave out certificates for good work.

At the end, we enjoyed snacks and took photos with friends. My parents said, "Well done!" I loved Open Day because it was fun sharing my school life with my family.

English Day

Class: 3E Name: Ko Lam Lam

My unforgettable and grateful school event is English Day. On that day, my schoolmates and I listened to some stories in the English room. We also played with the puppets there. I played a role with one of classmates Lily in front of our schoolmates. It was very interesting and exciting! There were many game booths in the school. We enjoyed them very much. We had a great time on that day!

English is my most favourite subject. I like learning it very much. I know that learning English needs a lot of patience. As what Ellen Hopkins said, 'Sometimes the little things in life mean the most'. I will try my best to learn it.
