

P.4 Recognition

"Good writing is really meaningful, and it's one of the best tools we have to get and capture people's imagination" - Robin Sloan

Wonderful Friendship

Class: 4A Name: Ho King Yiu

I really cherish my friendship with my friends, so I wouldn't argue with them and break our friendship over something trivial. My best friend is George.

We started becoming friends when we found that both of us like playing the same games. George and I both live in Tuen Mun and playing basketball is our favourite. We share the same favourite food too. We both like eating cheese, grapes and curry rice. One thing I am not like him is, he is very talkative and chatting that much which may sound a bit tiring to me. Every time he goes travelling during holidays, he will buy me souvenirs. I am touched.

'A friend in need is a friend indeed,' He is always by my side when I am in trouble. Thank you, George.

Class: 4A Name: Tam Sze Yuen

Friendship is important to me because it brings me joy and a sense of belongings. Among my friends, Passy is my best one and I love spending time with her at school.

Passy is a primary 3 student. She studies in 3A. She lives in Tuen Mun and goes to school by car. The first time I met her was in after-school violin class two years ago. We both like English, playing the violin and drawing. However, I like strawberries but she doesn't. We became close friends after we joined the orchestra last year. As we spent more time together, we grew closer and closer. Even though we are not in the same class, we often play together at recess. I remembered that once when we practiced the violin together and performed in front of crowds, we were both nervous. But, we supported each other. I could not have performed well without her encouragement. I am grateful for her kindness and support.

'A friend in need is a friend indeed.' Passy is an important friend to me. It's a blessing to have her as my friend. I hope that our friendship will last forever.

Wonderful Friendship

Class: 4B Name: Ko Lam Lam

I am happy to have a good friend. I cherish our friendship a lot. My best friend is Anna.

Anna is my best friend because she is helpful and funny. We live in the same district and go home together. She likes Maths and I like Visual Arts. Her favorite food is chicken nuggets, but I love spaghetti with tomato sauce. We are both fans of computer games. We both enjoy winter best.

One memorable memory is when we play computer games together. We were so happy! I want to thank Anna for always helping me with my Maths.

I am glad to have a best friend like Anna. I hope we can be best friends forever.

Class: 4C Name: Lo Tsz Ching

Do you have any friends or best friends? Let's start by bestie! Her name is Rima. She wears glasses and her favourite colour is pink! She also has many friends. I met her while practicing a competition she started talking with me. She is super kind!

We read books together and play together in the playground. I was surprised that my mum likes her too! I really enjoyed my time with her!

She loves judging people's drawings, and I have argued with her about this. She accepted my opinions and we got a consensus eventually. "Respect is a two-way street, if you want to get it, you've got to give it." R.G. Risch However, she is good at arts, and she is talented in this aspect. I can learn a lot about art from her.

Class: 4D Name: Hu Hang Yee

My best friend is Judy. We have a very strong friendship and I like to play with her a lot. We spend all our wonderful time together.

Judy is my best friend because she is loyal. She is always there for me and always listens to my problems. We both live in Tuen Mun and we both like summer time. We have the same hobby and we both like swimming in all four seasons. However, we like different school subjects. I am good at English while Judy is good at Chinese. That's why we can help each other with the homework everyday.

There's one memorable memory between us. Last winter, I was very ill and all my family members were out of town. I was fortunate that Judy took care of me. I am very thankful for it.

I am very glad and lucky to have a friend like Judy. I wish our friendship will last forever.

Wonderful Friendship

Class: 4E Name: Chan Lok Yan

Holiday is my best friend. She is tall and thin, with long hair, and she lives in Tuen Mun. Her favourite subject is Science, though she also enjoys English. We share the same hobby—drawing—but we are different in our favourite seasons: I love winter, while she prefers summer.

Holiday is the most generous and helpful person I have ever met. She patiently teaches me when I don't understand a problem, and she is my pillar of strength. During my lowest points, she stayed by my side. She doesn't just talk; she takes action to help me solve problems, which makes her my true guide. Her encouraging messages were the best medicine when I was struggling with my studies.

Holiday is someone who puts love into action. When I was ill or feeling unwell, she reached out to help me through her care and kindness. As the Bible says: "Let us not love with words or speech but with actions and in truth." She is a living example of these words.

Finally, I want to thank Holiday. Thank you for always being there for me, for your generosity, and for your love in action. You are truly my best friend.

Class: 4E Name: Lo Ming Wai Miranda

Few bonds in life are as precious and enduring as the one I share with my best friend, Chloe. She is nine years old; she is kind, funny and smart—although a little careless at times. Chloe is not merely a companion; she is an integral part of my life's tapestry, enriching every moment with joy and support.

What truly solidifies our friendship is our shared passion for math, art, summer, cookies and chocolate, and the countless hours we spend exploring these interests together. Although we have different knowledge and approach problems in very different ways, we learn a lot from each other.

One memory I will always treasure is the first time we met — it was wonderful.

Above all, I want to express my profound gratitude for Chloe's kindness and support, which have helped me through difficult times. Our friendship has undoubtedly enriched my life in countless ways, teaching me about loyalty and true friendship. Thank you so much for always being there.

"Friendship improves happiness, and abates misery, by doubling our joys." — Marcus Tullius Cicero

Wonderful Friendship

Class: 4E Name: Tam Wan Tik

I have a good friend, Lin Xinchun, who has shared happiness, hardship and sadness with me. He's my friend because we've known each other since we were little. He lives next door, and his favourite hobby is playing basketball. Because he loves basketball, his favourite subject is P.E. He really likes autumn because he says it is cool and refreshing. He prefers eating eggs and drinking water because they are healthy. We have one thing in common: we are the same age.

What makes him different from my other friends is our excellent teamwork. Once, when we played against a team with a higher score, we turned the game around and became champions.

Thank you, my good friend. I hope our friendship can continue forever. As Marcus Tullius Cicero said, "Live one another with brotherly affection; outdo one another in showing honor."

Class: 4E Name: Wong Suet Yuen

Do you have a best friend? My best friend is Janice. She is nine years old and lives in Tuen Mun. I am grateful to have a friend like her. I have many friends, but she is my favourite.

She is my best friend because she is kind and smart. I remember one time when we were walking home together—while we were crossing the street, she suddenly noticed a poor puppy lying in the middle of the road. Without hesitating, she crouched down carefully and guided it toward the side, keeping it calm and out of danger. I was shocked, but I was also proud of her, because she didn't just feel sorry for the puppy—she acted.

Since then, I always think of her as someone who notices the small problems in the world and tries her best to help.

"Friendship improves happiness, and abates misery, by doubling our joys, and dividing our grief." — Marcus Tullius Cicero

I want our friendship to last forever, even if we are not in the same school. Thank you very much, Janice!
