10th September, 2026

Dear Principal Wong,

Outstanding Academic Achievements of Your Graduates

I am very proud to share that some former graduates from your school were admitted to various bachelor's degree programmes in September 2026. They are:

Name of student	University	Degree course
	PolyU	Hotel and Tourism Management
	PolyU	Food Science and Nutrition

The success of these promising students is a clear reflection of their hard work and the wholehearted support from our teaching staff. Definitely they would not be able to reach this huge milestone without the solid foundation built in your school.

Our school is the only recipient of the Quality Education Fund's Outstanding School Award for our excellent performance in the domains of "Support for Students" and "School Ethos". Immersing themselves enjoyably in English medium of instruction, students in our school achieved satisfactory results in the past HKDSE examinations. The overall passing rates, the credit rates and the distinction rates were all higher than the territory average.

Should you have any enquiries, please contact Ms Lee Sze Hang at 2464 3731, or visit www.yottkp.edu.hk for more details.

We look forward to welcoming newcomers from your school.

Yours truly,

Dr. Kai Sze-Fai

Principal
